

Day 14
Dharunya S

```
async function deleteNewBook(id: number) {
  const response = await fetch(`http://localhost:5100/Book/DeleteNewBook?id=${id}`, {
    method: 'DELETE',
    headers: {
      'Content-Type': 'application/json',
    }
  });

  if (!response.ok) {
    console.error("Error occurred while deleting book");
  } else {

    console.log(`Book with id=${id} deleted successfully`);
    FetchAllNewBooks();

  }
}

deleteNewBook(10);

interface BookInfo
{
  newBookId:number,
  title:string,
  price:number,
  sales:number
}

async function FetchAllNewBooks(){
  const response=await
  fetch("http://localhost:5100/Book/FetchAllNewBooks",{method:'GET',
    headers:{
      'Content-Type': 'application/json',
    }
  });
  if(!response.ok)
  {
    console.log("error occured");
  }
  let all_books:[BookInfo]=await response.json();
  all_books.forEach(
    (thisBook:BookInfo)=>
    {
```

```
        console.log(`ID: ${thisBook.newBookId}, Title: ${thisBook.title}, Price:
${thisBook.price}, Sales: ${thisBook.sales}`);

    }
);

}
```

Output:

Book with id=10 deleted successfully

ID: 1, Title: Harry potter, Price: 200, Sales: 30

ID: 2, Title: Harry potter 2, Price: 200, Sales: 30
